**“I AM POSSIBLE”**

## Corporate Teambuilding Challenge

In November 2023, Steps Clubfoot Care will champion a Disability Awareness campaign “I AM POSSIBLE” #StepItUp featuring a TikTok Dance Challenge by producing a catchy original locally produced song and a dance routine which will be released online on the 3rd of November 2023, the start to National Disability Rights Awareness Month in South Africa and ending on the 3rd of December, International Day of Persons with Disabilities.

The core message of the campaign during Disability Awareness Month is: Clubfoot is a treatable condition and does not need to be a disability.

A seemingly ordinary, fun TikTok dance challenge championed by Steps Clubfoot Care and the local Clubfoot Community harnessed by the support of our campaign champions and the global Dance Community will challenge and drive all South Africans and people across the globe to post their videos of the routine online (TikTok and other social channels).

The overarching aim will be to spread clubfoot awareness and to share the message that anything and everything is possible. **BREAKING BARRIERS. “I AM POSSIBLE”**
